

RADICAL WHOLENESS

"Extraordinary"
Paul Levy

"Profound"
Andrew Harvey

"A masterpiece"
Jeff Brown

In *Radical Wholeness*, Philip Shepherd reveals that our culture is whole-blind, and documents the devastation inflicted by that disability on our personal lives and the planet. But the book is also a practical guide for initiating a personal revolution. By finding your way out of the head and reuniting with your body's intelligence, you can ground yourself in a wholeness of being that feels and supports the harmonies not just of your life, but of our wakeful world.

"Our future depends on the vision Philip Shepherd powerfully and eloquently presents in *Radical Wholeness*."

—Larry Dossey, MD, author of *One Mind*

"If you long to reconnect with your deeper self, other living beings, and the Earth, you must read this book."

—Carolyn Baker, Ph.D, author of *Love In The Age of Apocalypse*

"If there was ever a time for this book—this is it! Read it. Breathe it in. Let it change how you see and live and love your life and the world."

—Oriah "Mountain Dreamer" House, author of *The Invitation*
